

## How to use the different notebooks in Kindergarten

Here is how the « Correspondance Notebook » works as well as your child's others different works supports.

### 1) The Correspondance Notebook.

You will find :

- The schedule of the class
- Eurecole messages to parents

It will be given to you as soon as it contains new information. You will then have to sign it and bring it back to Eurécole the following morning.

It will also be given to you every Friday. You will have to sign and report it on Monday morning to Eurécole.

### 2) The work support: the activity binder

- Your child's activity folder, with the teacher in charge, is brought home before each holiday period and must be returned to Eurecole at the beginning of the school year.
